Activity List

A15=> Contribution to National Initiative (A15)

Developing and managing efficient garbage disposal system (Reducing Plastic usage by promoting Paper Bags)

Promoted sustainable waste management by creating reusable paper bags from old newspapers. This initiative encouraged reduced plastic use and supported national environmental goals through resource-efficient practices within the local community.

A7=> To Skill Rural Population (A7)

Horticulture and Cabbage Farm Assistance

Provided on-ground support in horticulture and cabbage farming through manual harvesting and flower plucking. The activity enhanced understanding of rural livelihoods, farming challenges, and skill requirements in agricultural operations.

A8=> Facilitating Digital Financial Transactions (A8)

Facilitating 100% Digitized money transactions and Spreading Public Awareness

Conducted digital literacy sessions to promote 100% digitized money transactions. Demonstrated secure UPI and mobile payment methods to locals, enabling financial inclusion and improving awareness of digital payment safety.

A16=> Creating Awareness regarding Rainwater Harvesting (A16)

Creating Awareness regarding Rainwater Harvesting in rural/urban area

Promoted large-scale water conservation to address agricultural water scarcity. Conducted site assessments to evaluate the feasibility of building pond-like structures for seasonal rainwater collection. Shared design insights with the community to enhance irrigation and strengthen farming resilience.

A6=> Reduction in Energy Consumption (A6)

Reduction in Energy Consumption (Home Lighting Audit)

Executed a household lighting audit to promote energy-efficient practices. Highlighted power and cost savings achieved by replacing traditional bulbs with LEDs, encouraging long-term energy conservation through small behavioral and technological changes.
